

HADLEY BRIDGESTEEL SECTIONS

HADLEY
GROUP

BRIDGE STEEL SECTIONS LIMITED

INDUSTRIAL DOORS

A comprehensive range of industrial door products including components for Insulated and Standard Roller Doors, Folding Doors, Collapsible Gates and roller Grilles.

“Our traditional 3” Lath and **INSULATH**[®] door component assemblies have been tested to the relevant BS EN standards in line with CE mark requirements.

We are therefore able to support our customer by issuing statements of performance endorsed by a UKAS accredited body.”

INSULATH®
 ROLLER
 SHUTTER

USAGE:

- Factories, Garages
 Storage Areas

ADVANTAGES:

- **INSULATH®** unique patented section will wrap around a 127mm (5") barrel when used with the **INSULATH®** Barrel Lath. Barrel wrap dimensions significantly reduced.
- **INSULATH®** has a thermal value of 0.69W/m²K. acoustic value of 18dB(A). As derived by the University of Central England calculations.
- Punched vision panels available.
- Available in a range of finishes including galvanised, plastisol, aluminium & stainless steel.

INSULATH® has a unique fit for a purpose made product range including:-

- CFC Free Infill
 - Non-handed End Locks
 - Galvanised Angle
 - Self Locking Guide System
 - Galvanised Bottom Seal System
- All available from stock.

CFC FREE INSULATION

Insulation infill is dimensionally designed to easily slide into the interlocking twin skins of **INSULATH®** SECTION

Available from stock.
 Insulation infill supplied in 195 metre packs.

VISION PANELS

Vision Panel punching is available.
 Vision panels can also be supplied.

ENDLOCKS

A universal non-handed plastic endlock (Protected by design).

Available from stock.
 Supplied in 250's.

SELF-LOCK GUIDE SYSTEM

Unique self-locking feature that connects a plastic double brush strip carrier to the **INSULATH®** galvanised guide. A brush strip seal completes this highly durable system.

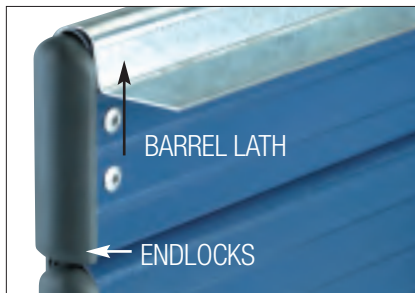

Available as components from stock.
 Guide/Seal Carrier Supplied in 8 metre lengths.

BOTTOM SEAL SYSTEM

A non-handed galvanised bottom seal carrier with a rubber bottom seal, dimensionally designed to fit carrier.

Bottom Seal Carrier available in 8 metre lengths from stock.

Bottom Rubber Seal available in 25 metre coils from stock.

WIND ENDLOCKS

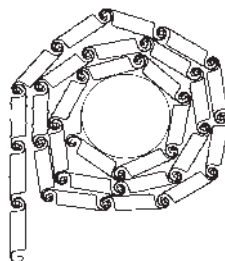

Universal aluminium Wind Endlock, protected by design right with added security features.

Available from stock.
 Supplied in 100's.

BARREL LATH

Is specifically designed to connect twin interlocked skins to a 127mm (5") barrel and is protected by design right. Significantly reduces curtain wrap size with a consistent uniform wrap.

Supplied in 8.4 metre lengths.

100	65	3MM

Available from stock.
 Supplied in 8 metre lengths.

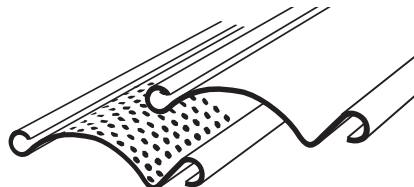

ROLLER DOOR SECTION

50mm FLAT LATH (2")

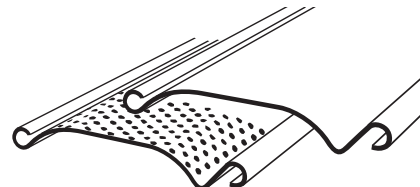

Manufactured from 0.7-0.9mm in Pre-Galvanised
1876 2" x 22SWG (0.7mm) Galvanised.
1876 2" x 22SWG (0.7mm)
Galvanised/Perforated.

75mm TRADITIONAL LATH (3")

Manufactured from 0.7-1.6mm in Pre-Galvanised,
Plastisol Coated, Stainless Steel and Aluminium
Pre-Galvanised available perforated.
Available cut to length and punched for Endlocks.

110mm CONTINENTAL LATH (4")

Manufactured from 0.8-1.2mm in Pre-Galvanised
Plain or Perforated, Plastisol Coated material and
Stainless Steel.
Minimum Batch Quantities

BOTTOM RAIL (STOCKED IN 8 METRE LENGTHS)

Material - Pre-Galvanised

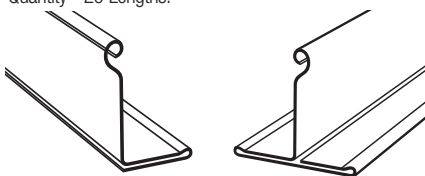

L SECTION OUTSIDE RAIL:

2119 Quirk Strip Pack Quantity - 20 Lengths.

T SECTION BOTTOM RAIL:

2025 'T' Section Pack Quantity - 20 Lengths.

2025A 'T' Section (2.00mm) Pack
Quantity - 20 Lengths.

ENDLOCKS

For use with 75mm Lath.

Min. Qty. 500 Pairs.

2999/3000 Pressed Zinc Plated 3mm.

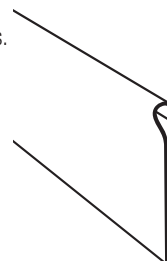

2992/2993 Plastic 9.5mm.

QUIRK STRIP (STOCKED IN 8 METRE LENGTHS)

Material - Pre-Galvanised.

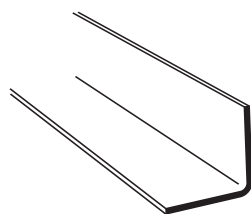

1743 Quirk Strip
Pack Quantity - 20 Lengths.

ANGLE SECTION

(STOCKED IN 8 METRE LENGTHS)

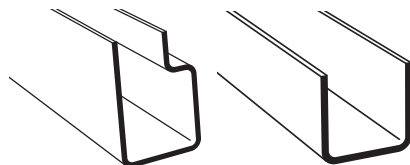

Other variations of angles are available subject to quantity.
